DDA/REG
LOGGED

MEMORANDUM FOR: Director, Office of Personnel
Deputy Director for Employment, OP

FROM: Congressional Affairs

SUBJECT: Meeting with Staff of House Subcommittee on
Civil Service.

25X1

1. Continuing our series of get acquainted sessions with various staff from committees affecting Agency administrative practices, I have arranged for Andrew Feinstein, Majority Staff Director and Andrea Nelson, Majority Counsel, for the Subcommittee on Civil Service to visit Headquarters on Tuesday, ²³ February 1988.

2. They will arrive at 11:00 am. We will first meet in the DDA conference room where they are interested in hearing about the Agency scholarship programs--camp KUBARK and the Minority Program. They have asked me about these on several different occasions, but I have provided only slight information. Their interest has recently peaked as a result of legislation introduced by Subcommittee Chairman Pat Schroeder -- Excellence in Government Management Act (HR 2882). This bill would establish under OPM a fellowship program for the pursuit of of both graduate and undergraduate degrees. Schroeder believes that the Agency has had some experience in running such programs and has some important lessons to share. Both Feinstein and Nelson have also apparently read an article appearing in the Federal Times which described our scholarship programs in the most favorable terms. (I have not seen it). The briefing should be at the unclassified level. They are particularly interested in:

- The application process.
- The screening or selection processes.
- The benefits candidates receive and how these are determined.
- The kinds of obligations accrued by candidates and the penalties for failure to meet the obligations.

~~CONFIDENTIAL~~

DDA REGISTRY

CONFIDENTIAL

3. I have also made reservations in the EDR for 12:00 noon where we can continue the "get acquainted" process. Legislation does pass through the Civil Service Committee which affects our administrative practices. For example, this committee reported out the revisions to the Hatch Act and the Whistleblowers Protection Act last year; both, as you know, cause us problems. Feinstein listened to our concerns about the Whistleblowers Act and thought we had a reasonable argument for exemption to the mandated review process.

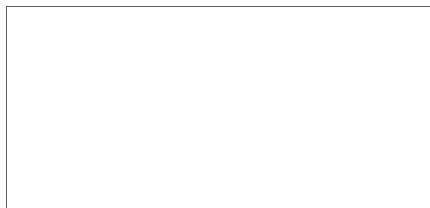

4. I will try to get to you a list of the legislation which is likely to see action by the Subcommittee this year before we meet. Some items I will discuss with them myself because they involve other DA office equities. The overall objective remains the same as other similar meetings, to sensitize them to our special concerns.

25X1

6. Finally, I will ask if the DDA or ADDA is available to stop in to greet them.
